

TABLE OF CONTENTS
OVERVIEW OF EXISTING CONDITIONS
PROPOSED INTERSTATE 69 CORRIDOR
FROM EDDYVILLE TO HENDERSON, KENTUCKY
ITEM NO. 2-69.10

I.	Project Introduction	1-1
A.	Background of I-69 Corridor	1-3
B.	Highway Segments for the I-69 Corridor Study	1-6
C.	Analysis Considerations.....	1-7
II.	Early Coordination and Public Involvement.....	2-1
A.	Local Officials and Stakeholders Meetings (July 16-18, 2002).....	2-1
B.	Public Meetings (September 23 – October 1, 2002).....	2-3
C.	Resource Agency Coordination.....	2-6
III.	Operational Considerations	3-1
A.	Crash History and Analysis	3-1
B.	Traffic Volumes and Operational Level of Service.....	3-13
IV.	Mainline Geometry/Typical Section.....	4-1
A.	Design Speed.....	4-1
B.	Typical Roadway Sections	4-2
C.	Horizontal Alignment	4-11
D.	Vertical Alignment	4-12
V.	Bridges and Overpasses.....	5-1
A.	Lateral Clearances of Bridges	5-1
B.	Vertical Clearances of Overpasses	5-9
C.	Bridge Conditions	5-13
VI.	Interchanges and Ramps.....	6-1
A.	Design Speed.....	6-1
B.	Typical Sections	6-8
C.	Alignment Geometry	6-8
D.	Speed-Change Lanes and Weaving Characteristics.....	6-9
E.	Interchange Crash Data	6-10
VII.	Key Findings of Existing Conditions Overview.....	7-1
A.	Project Goals.....	7-1
B.	Early Coordination and Public Involvement.....	7-7
C.	Operational Considerations and Safety.....	7-9

D. Mainline Geometry/Typical Section	7-10
E. Bridges and Overpasses	7-11
F. Interchanges and Ramps	7-12
VIII. Potential Improvement Alternatives and Development Costs	8-1
A. I-69 Corridor Purpose and Need	8-1
B. Potential Improvements and Development Costs.....	8-2
C. Additional Roadside Features	8-11
IX. Recommendations and Next Steps.....	9-1
A. Recommendations	9-1
B. Next Steps.....	9-2
C. I-69 Connectors.....	9-4

APPENDICES

Appendix A – Federal Register Notice

Appendix B – Local Meeting Minutes and Materials

Appendix C – Public Meeting Minutes and Materials

Appendix D – Resource Agency Materials

Appendix E – Directional Design Hourly Volumes (DDHV)

Appendix F – Highway Information System Summary of Parkway Data
